

Deut. 11: 19-21 OR “PROJECT HOMEWORD”

Most parents don't want “Godly” Children
They want “Good” Children.

Our dream is to change this by MOTIVATING PARENTS to DO the Bible with their children.

Hope you will print this page and share it with your church?

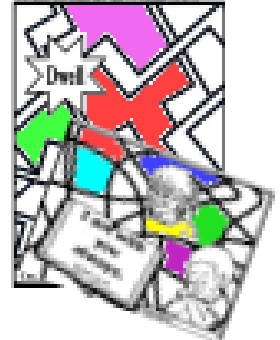

First are the free full size coloring pages. When you don't have gates and doorposts be creative, use your refrigerator or bulletin board.

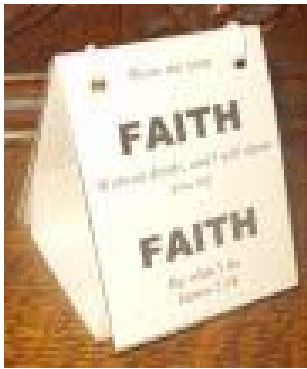

Second is MIRROR coloring pages. What better HABIT than taking God's word back to Him (a mirror) and asking him to shine it in your heart.

Third is pocket scriptures. Put them in a bowl by the front door. Offer your children's friends “one for the road”. Or put the bowl on the kitchen table. Each page follows a theme: loneliness anger, fear, prayer, faith, etc.

Imagine children Coloring these greeting cards and **SHARING** God's word with others.

Our favorite craft is this little scripture flipper because it is easy and lasts a whole family all week. It also makes a great gift for Fathers day, Christmas etc..

NOTHING WILL HELP PARENTS BEGIN THEIR JOURNEY AS SPIRITUAL LEADERS LIKE OUR PUZZLES.

Our mini cards become refrigerator magnets in just minutes.

This little display is the heart of our dream to GET PARENTS INVOLVED. It cost us just six dollars at our local Dollar General Store OR visit our gift shop.

WHY WE BELIEVE PROJECT HOMEWORD CAN CHANGE YOUR CHURCH , THE NATION AND THE WORLD...OVERNIGHT.

Please pass this Vision to your director of Christian Education AND VBS WORKERS.? They will thank you!!!.

The Coloring Pages...God's word belongs ON DISPLAY in the home. It's a command. (Deut. 11: 19-21) It also sweetens the whole home.

Mirror Coloring Pages...The New Testament formula for getting scripture in our hearts is to ASK God for understanding. *Holding these coloring pages up to a mirror prepares a child to hold them up to God.*

Scripture Flippers... **NO BETTER WAY TO MAKE SCRIPTURE LAST ALL WEEK. They take about 10 minutes class time and are a gift any child can be proud to give.** (Any army of Sunday school children could put these on a million desks in just one year.)

www.mypocketscriptures.com...A major part of our dream is that every child in the world start the day with a scripture in his or her pocket. The scriptures come on a variety of themes, fear, anger, loneliness, divorce so each child in your class has something for his special need. Having a bowl of pocket scriptures in your home allows you to influence your children's friends by offering them ONE FOR THE ROAD.

Greeting Cards... One HABIT children need is sharing God's word. Is there anyone in your church who wouldn't be blessed receiving a hand colored card from a child??? Could it bring more people into the church?

www.teachustoprayer.com... You can't pray without scripture and you can't read scripture without prayer. **This site has been featured by The Salvation Army, and Nine of our Nations leading denominations.**

Three Drawer DISPLAY... The one great challenge of passing scripture from generation to generation is GETTING PARENTS INVOLVED. It is also a great tool for reaching your community and increasing class attendance. You can view our display at www.homeword.ws or make one of your own. Ours comes from Dollar General Store and cost us \$6.
