# THREE WAYS YOU/YOUR CHURCH CAN HELP MAKE GOD'S WORD FAMILY FRIENDLY.

**Keep some Bible Coloring Pages in each Sunday School Classroom.** Not only are they a GREAT first step to regular family Devotions they give children the power to change their homes by what they make and color. We are especially fond of the "Son Catchers" at [www.homewordnow.com](http://www.homewordnow.com).

**For Vacation Bible School** visit [www.scriptureflipper.com](http://www.scriptureflipper.com) and help us get God's word on every desktop in America. The scripture flippers are a great craft but so are the Bible Frisbees, Bible keys, and especially the Scripture Jar.

**Visit [www.bibleparent.com](http://www.bibleparent.com), the only site in the world with free Bible Memory cards.** They are great for vbs or any time but especially great for PARENTS who are willing to give them a try.

## Ongoing prayer requests...

1. That God heal my carpal tunnel syndrome so I can continue work on these websites without crippling my wrists. 2. My normal heartbeat is about ten times a minute too fast and is a bit irregular causing weak spells. 3. The lozenges I used to quit smoking damaged my throat and I use at least a cup of cough drops a day. 4. For restful sleep, a more recent problem than the others.

**MOSTLY THOUGH COULD your church pray for my mother Dorothy.** The Doctors are having troubling controlling her blood pressure. With her current medication it is too low in the morning and too high late at night. Hope you might pray that God would heal her circulation and *keep her blood pressure in the safe range and that the medication does not damage her heart, brain or eyes. This request is very precious to me...hope your church will pray.*
