

An open book is the central focus, with a Bible verse printed on its pages. The background consists of thick, black, abstract lines that create a sense of depth and movement, resembling a stylized architectural or organic structure. The book is rendered in a simple, clean style with a grey shadow on its right side to give it a three-dimensional appearance.

**I will put  
my spirit  
in you...**

Ezekiel 36:27

**Prayer request :** An irregular heartbeat has plagued me for nearly six years now and is making even very simple things more difficult. Could you pray that God would touch the root cause and heal the problem. It seems to go along with trouble sleeping. **Perhaps too** your church could pray for my mother Dorothy. The Doctors are having troubling controlling her blood pressure. With her current medication it is dangerously high. When they try other things it get's dangerously low. Hope you might pray that God would heal her circulation and *keep her blood pressure in the safe range*.

## Using Coloring Pages for Family Devotions

*We sincerely believe that getting PARENTS involved in the spiritual training of their children is a Church's most difficult task.*

**The most important family devotion is THE FIRST.** Just coloring ONE of our pages each day and putting it on the fridge can change the whole home. We especially like the "Son Catchers" at [www.homewordnow.com](http://www.homewordnow.com).

**For older children try a BOWL of pocket scriptures** from [www.mypocketscriptures.com](http://www.mypocketscriptures.com), or print some of the bible memory verses from [www.bibleparent.com](http://www.bibleparent.com). For the month of May (National Day of Prayer) visit [www.teachustoprayer.com](http://www.teachustoprayer.com) .

**This little three drawer caddie costs just seven dollars at most Dollar General and other thrift stores. We encourage churches to purchase one and fill it with our coloring pages. The idea is to reach the parents in your church and get them involved in DAILY FAMILY DEVOTIONS. One coloring page a day is a GREAT START...giving children the POWER to change their homes by what they make and color. The caddie also makes a great EVANGELISM project for children. Something just their size that they can fill with coloring pages and crayons and put out in automotive waiting rooms, dentists offices etc. Just print an invitation to attend your church on the back of each coloring page.**

**If you don't have time to make your own display we provide them prestocked with two posters, two cd's and 50 coloring pages for \$47 shipping included. How else can we get PARENTS involved in the spiritual training of their children?? Your prayers for MY MOTHER, for me and for "Project Homeword" are a precious gift...THANK YOU.**
