

An open book is the central focus, tilted slightly to the right. The pages are white with black text. The background consists of thick, black, irregular lines that create a complex, abstract pattern of shapes, resembling a stylized forest or a network of paths. The book's spine is visible on the left side, and the pages are slightly curved as if being turned.

**Blessed is he
Who has regard
for the weak...**

Psalm 41:1

THREE WAYS YOU/YOUR CHURCH CAN HELP MAKE GOD'S WORD FAMILY FRIENDLY.

Keep some Bible Coloring Pages in each Sunday School Classroom. Not only are they a GREAT first step to regular family Devotions they give children the power to change their homes by what they make and color. We are especially fond of the "Son Catchers" at www.homewordnow.com.

For Vacation Bible School visit www.scriptureflipper.com and help us get God's word on every desktop in America. The scripture flippers are a great craft but so are the Bible Frisbees, Bible keys, and especially the Scripture Jar.

Visit www.bibleparent.com, the only site in the world with free Bible Memory verses. They are great for vbs or any time but especially great for PARENTS who are willing to give them a try.

Ongoing prayer requests...

1. That God heal my carpal tunnel syndrome so I can continue work on these websites without crippling my wrists. 2. My normal heartbeat is about ten times a minute too fast and is a bit irregular. 3. A virus or something in my lungs. It just seems to hang on and on. 4. For restful sleep, a more recent problem than the others.

MOSTLY THOUGH COULD your church pray for my mother Dorothy. The Doctors are having troubling controlling her blood pressure. With her current medication it is *dangerously high*. When they try other things it get's *dangerously low*. Hope you might pray that God would heal her circulation and *keep her blood pressure in the safe range*. *This request is very precious to me...hope your church will pray.*
