

An open book is the central focus, tilted slightly to the right. The pages are white with black text. The book is surrounded by thick, black, swirling lines that create a decorative, abstract background. The entire scene is enclosed in a simple black rectangular border.

Project Pocket Scriptures 2010

Hope you might share this request with your prayer group.

Pray for our Dream...that every person in the country starts the day with a scripture in their pocket? Our new website www.bibleparent.com is the only site in the entire world with free printable Bible Memory and/or Pocket Scripture Cards. Our problem is getting the word out. We have hopes of an interview on American Family Radio and have submitted Notices of our dream to over 50 Christian Magazines. Hope you might pray God help us with the publicity AND help us find others who sincerely share our dream.

Carrying a Bible Verse (Pocket Scripture) takes much less time and energy than memorizing a verse but STILL makes it clear to our children that God and his word matter enough to take it seriously and daily. We certainly pray that families use our cards for memorization but if memorizing a verse a day is too much AT LEAST that they stick one in their pocket.

Thank you for praying...Charles White
