

Hope you think this display is as pretty as we do. It is the heart of our dream to include local churches in our dream to get God's word ON DISPLAY in homes worldwide.

**Imagine** what having a little display like this (loaded with our free coloring pages) somewhere in your church might do for parents who have trouble finding the time to be spiritual leaders in their own homes. *Just a few moments coloring with their children will build a memory that lasts a lifetime.*

**This little three drawer outfit cost me just over \$7 including tax...a very small one time cost for an entire parents ministry that will last the life of your church.** It came from Dollar General but you could probably get the same thing for about the same amount at almost any discount store. (For those who have **no time to make their own display** we offer a pre assembled display with a small poster, two cd's with 1,400 coloring pages and a starter set of 40 preprinted coloring pages and shipping for \$46.)

For an extra dollar we will include a poster that allows you to set the display out in the community...doctors offices, auto repair shops, prisons...etc...WITH AN INVITATION TO ATTEND YOUR CHURCH.

Those who make their own display can download all the coloring pages free at our various websites but may want to consider investing \$15 in a two cd set that holds all of the pages from all of our three sites for just \$15. The cd's are easy to lend to friends and **you can print the pages from the cd's a lot faster than downloading them from the internet.** Our address is: Project Homeword, P.O. Box 8094, Topeka Ks., 66618 (We also take pay pal in the gift shop area of any of our sites) (We do ask that you not make copies of the cd's as this is how we pay the bills and keep our sites on line.)

**PROJECT HOMEWORD is DEDICATED to seeing that God's word is NEVER OUT OF SIGHT... OUT OF MIND.**

**The addresses for our websites are www.homeword.ws and www.homewordnow.com for coloring pages and mirror coloring pages, www.teachustoprayer.com for Free Lord's Prayer Coloring Pages, www.mypocketscriptures for pocket scriptures and scripture flippers, and www.childrenafterdivorce for Free parenting take home sheets to help the children of divorce (now over one out of every two).**
