

Our Scripture Flippers

Are ALL about getting God's Word where it belongs...
ON DISPLAY...in the home.

Each Flipper features a scripture focusing on a single WORD
A great way for children to learn.

The flippers are easy to make and GREAT GIFTS any child could be proud to give
for Christmas, Fathers Day, Grandparents Day, Mothers Day etc.

The next three images feature our **mini cards** and different ways of displaying them. **Our favorite** is this little set of flip scriptures because it is so easy and is something that will last a whole family all week. It also makes a great gift for Fathers day, Christmas etc..

What a great way to get God's word in the home and FOCUS on a **single theme** like faith, love, paryer etc. Children learn ONE WORD AT A TIME. The charm of them is that any Sunday School class can make them at the end of class...total time about four minutes.

Another one for the refrigerator. God's word makes the whole house and everyone in it SWEETER.
