Thanks very much to all who have prayed for me and “Project Homeword”

Hope you will take this request to your church’s prayer chain.

Prayer Request for the January

Continued prayer for my mother Dorothy...Last week I took her to the emergency room three times for dangerously high blood pressure. The doctors have increased her medication but it is very hard on her body. Could you pray for a miracle from God and or divine wisdom for her Doctor. The risk of heart attack or stroke is still much too real.

Could you pray that God strengthen her heart/beat, grant her sleep and work a miracle with her blood pressure and the nightmares? She misses my Dad so very much.

For myself physical healing, most recently pain and stiffness in my right wrist but also the beginnings of erosion in my esophagus. Even more than this that God would help me see the root of an increasing struggle with irritability and REPLACE it with TRUST IN HIM.

THANKS FOR PRAYING...
