Thanks very much to all who have prayed for me and “Project Homeword”

**Most things are going very well but after four years we are tired.
Hope you will take these requests to your churches prayer chain.**

Requests for January and February:

For myself (Charles White) grace to TRUST God: I find that in spite of an irregular heartbeat I have started smoking again and not sleeping. It could be that I believe in this project so very much (and I do) but Christ’s yoke is *supposed to be easy and his burden light. I suspect that I have not truly* learned what it means to walk in the spirit. Could you pray this for me. I seem to be a slow learner. Charles

For Project Homeword: Reluctantly we are adding a members only section to our new website www.homewordnow.com. **Churches are asked to pay \$15 for the first year and \$5 a year thereafter to access over 600 new pages.** Could you pray that enough churches or individuals join us to solve our money problems.

For my mother Dorothy: Poor circulation in her feet (a side affect of her blood pressure medicine not diabetes) and high blood pressure continue to be a real danger...especially in the evening around 10:00. For the last three months she has been very concerned about her younger sister Olive who is having a lot of problems with her own health. Your prayers for both of these dear ladies would be much appreciated.
